

#### Retrospective Meeting Minutes:

In the retrospective, we discussed the tasks that we completed during the sprint and the tasks that we were not able to complete. We went over our favorite contributions to the project and what we learned from working on it together.

#### Scrum Meeting 1:

In meeting 1, we discussed the remaining tasks needed for sprint 3 in order to fulfill all project requirements. We assigned the preliminary tasks. We decided not to implement a rewards program in this sprint due to time constraints.

#### Scrum Meeting 2:

In meeting 2, we discussed the issues that arose in implementing happy hour pricing and nutrition info. We discussed how to combat these issues to complete those tasks. We also discussed the other bugs that arose during testing and how they were fixed.

#### Scrum meeting 3:

In meeting 3, we went over the issues that had arisen during testing. We brainstormed solutions to the issues and assigned tasks to fix the issues to team members. We also verified that we had completed all of the requirements for the project.
